INTERMEDIATE COURSE

REJECTOR
or
ACCEPTOR?

The Intermediate Course is now well under way. Classes are held at the Athletic Club every Friday evening. No date has yet been determined for the exam.

The course instructors are Nick Gleed **G8YJM** and

Steve Trott **GW8ZOE**.

Six participants are pursuing their studies with fear and trepidation.

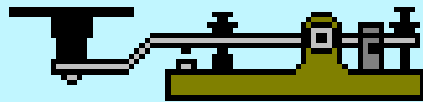

Visit to Swansea Rally

The three musketeers from Chepstow & DARS, Nick Gleed, Steve Trott and Wil Oliver, visited the Swansea Rally on Sunday 21st February. This was held at Neath Sports Centre following a fire at the usual venue, Afan Lido.

Although there was only one trade stand, there was an abundance of interesting gear on display and for sale. Judging by the number of visitors, the rally was a success and well worth the visit.

CW Training Now Under Way

Morse training has now started under the guidance of Bob Lawrence GW4LDA. The training sessions take place for half-an-hour before our open meetings at 19:00 on the first Tuesday of each month.. Any-one wishing to learn or brush-up their CW is welcome to join .

Forest of Dean ARC

During the evening of Tuesday 23rd February, Steve Trott GW8ZOE, accompanied by Wil Oliver MW6KGB, set out from Chepstow to attend the Forest of Dean ARC social evening. Having encountered a road closure, a significant detour was made. Then, not having the exact address of the location with them, they failed to find the venue. There was still snow about and they soon found themselves in unfamiliar territory on roads barely wider than the car. What an adventure! Just after 9 pm they reluctantly called it a day and returned home.

We hope that the event was a success despite our disappointment at missing an opportunity to meet the members of our neighbouring club.
